My wife Dolores and I first met Eugenio {we called him Gene} as a neighbor who came to the aid of our daughter Brenda when she fell off her bike and we quickly became life long close friends with not only him but his wife Georgette{my wife Dolly's best friend} and their daughter Joan{who became just like our other daughter}. I will always remember his and his wife's visits to our house we bought in western Ma. we would sit there for literally hours talking about anything under the sun while laughing as our wives did their talking. I consider Gene one of my best and closest friends, as close a friendship as anyone could get, if I had a problem I could always count on good sound advice followed by some attempt to make me laugh. he even invited my wife and i to his dad's house for one of their famous "pig roasts" and get togethers. Gene and his wife Georgette always made us feel and treated us like family. Gene has a personality that would make it impossible to ever forget him and for that I'm very grateful and feel I'm a better person because of him. my wife and I will never ever forget him and how he always made us feel like part of his family{and he as one of our family} and will miss our get togethers and endless talks. RIP my good friend until we meet again!! Thank you for the lifetime memories!
