“ I'm so sorry for your family Robert, especially your brother. It's a bond that only someone with a brother can understand. I pray that God finds a way to get your family through this tragic time. You were without a doubt one of the craziest kids I ever met. I can't ever remember a time we were together that we weren't crying laughing. I remember skipping school and being at the house with your brother Tim and the cops banged on the door. We thought it was for us. I was never so relieved to hear someone ask if Robert Whalen was home? Haha. You always had us laughing and today you have us crying. You had a smile that everyone will always remember you by. No matter what you had going on you made who ever you came across feel like they were the best part of your day. You were such a great guy Rob and I'm going to miss you. Love ya brother!

“ My Son

The biggest tragedy in any fathers life is to lose a child, especially when that child is your first born son who has your name, Robert Albert Whalen. These words will be my last written, all other words I have with you will be in my thoughts and prayers. I remember when you were born, how proud I was, my first son. I went out and bought two boxes of cigars with IT'S A BOY! on them and passed them out. What a feeling of pride it was.

Remember the time you and your brother Tim snuck out of the house in the middle of the night to bury my car keys in the field. I must have punished you that day for something and you got me back. This was when you were 8 or 9, imagine the stories I can tell.

Well, this is the time for me to say I Miss You and Love You very much. Your heart was so loving and caring.

Robert good bye My Son. Take care and know you will be with me every moment in my life. Your Dad

I asked God WHY?

Why a man who's smile and hugs brought sunshine to all who had the honor to know him.

God replied, every once in a while I need a good one.

I said God this time you outdid yourself and took a GREAT ONE!

Robert, thank you for opening your heart and soul to me, our many talks especially the night for 3 hours we sat in the Dunks parking lot during a misty rain as we laughed and cried then you turned and said we are lucky you are in our family, we hugged and went back to the house, these moments and all our time is forever etched in my heart.

I love and miss you Robert.. Love, Dee

“ Robert, My brother. I love you and miss you so much already. You have left such an impact on so many especially me. We had a special bond even though I would always "lecture" you. I'm your baby sister and that's what I did best. You had a heart of gold and would do anything for anyone. Your crazy stories, your silly laugh, your beautiful smile, that handsome face, those huge hugs till I couldn't breathe. Those are memories I'll cherish forever. You may be gone but I'll have a piece of you with me always. You loved your family so much especially your boys. Watch over us Rob and guide us to find the strength we need. I love you and miss you more than you'll ever know. Rest easy brother. Love your baby sister xo

“ God looked around his garden
And he found an empty place
And then he looked down upon the Earth and saw your tired face

He put his arms around you
And Lifted you to rest
God's got it must be beautiful
Because he only takes the best

He knew that you were suffering
He knew you were in pain
He knew that would never
Get well on Earth again
He saw that the road was getting rough
And the hills were hard to climb
So he closed you are weary eyelids
And whispered peace be thine

It breaks our hearts to lose you
But you didn't go alone
For part of us went with you

The day God called you home!

so full of loving deeds
who always thought of others first
and helped fulfill their needs

Someone who loved to bring a smile
as he went on his way
And never failed to brighten up
A dark and gloomy day

Someone who'll never know how much
he's missed and thought about
for when he left, it seemed as if
the stars have all gone out

Brother you meant so very much
in every single way
and you're remembered with much love
today and everyday.

I love you Robert. I already miss you so very much. I miss your smile, I miss your laugh and your giant hugs. My kids will forever hear stories of all our good times and love. Rest easy my brother. There is now a golden hearted angel watching over all of us.

Love you,
