“ Good by my Sister may your pain be free as you become an ANGEL to all of us. Joe, Doris and Sharon my heart goes out to you with love and sympathy. Her life might be ended here on earth but she will continue her work through all of you. Her love for all of you is what kept her going. Now it's your jobs to keep her memory alive by always talking to her and about her with family and friends. That is what she would want for her family.  
May you RIP my dear sister. Love Sue

“ Dear family of Doris, I feel privileged that I had the opportunity to listen to Doris during her sessions with me over many years. She always had some story about a family member she was trying to help. She was certainly devoted to her family and often times put them ahead of her own needs. I will miss her but I cannot imagine how much all of you will miss her.
