

HENG POR & SAMNANG LORN

May 17, 2020 - May 18, 2020

Heng Por and Samnang Lorn
Beloved Husband and Wife
Loving Parents and Grandparents

LOWELL--Heng Por passed away on Sunday, May 17, 2020. In less than 24 hours, his loving wife Samnang Lorn, passed away on Monday, May 18, 2020. They both passed peacefully due to complications of Covid-19 at Lowell General Hospital. Heng and Samnang were born in Battambang, Cambodia but have made the United States their home since 1981. They were the parents of Sara Kuhn Leng and Sereyvuth Khun. Sadly, they lost their son Sereyvuth to cancer on May 4, 2019.

In addition to their daughter Sara, they are survived by Heng's mother Hout Hak, son-in-law, Kevin Leng, daughter-in-law, Ranaya Khun, and their two grandsons, Tristan and Evan Leng, and many relatives in the United States, Cambodia, and Japan.

Heng and Samnang loved their family and friends more than anything and were loved and respected in return. They were generous, kind, and always willing to help those in need, which is a testament to their strong belief in Buddhism. They were religious and charitable, and they believed in merit and giving back to the community. They always found ways to support their native country of Cambodia with the building of temples, water wells, supporting schools, and raising donations for provinces in need.

“ *I only had the privilege of knowing Heng and Samnang through their daughter Sara, whom I had the pleasure to work with at Marty Meehan's congressional office. I am sure they were proud of Sara for carrying on the family tradition of compassionate community service. I will never forget how lucky we were on those days when Sara would bring in delectable southeast Asian culinary treats that her parents had made to share with the office. My heart goes out to Sara, her family, and the whole community that is dealing with this loss. Though they are no longer with us, the legacy that Heng and Samnang created through family and community will live on.*

*Warmest condolences,
Anthony Iarrapino*
