*My heart breaks for all of you., your dad will always have a special place in my heart and all the great memories from when we were younger., we all grew up together and our families were always together. He was a great man who loved his family unconditionally and I will never for get that. Although as we got older and had are own families I tried to stay in touch. Over the last few years we talked a lot about the older years and he made me laugh. Every Rolling stone song I will hear will always remind me of ur dad..... he will forever be missed and never forget. I love you my cousin and I know he isn't suffering anymore. He is with rosie and Cindy, my mom and so many others. I will miss our talks and all the laughs. You were in great spirits until the end . And I want to let you know that he was proud of each and everyone of you and he appreciated you all being by his side especieally caring for him. He wanted it that way . To be with his kids at home before his journey. Our last visit he gave me a big hug and we told each other we loved each other and that we will be together one day to carry on all the great memories. I will cherish that day for the rest of my life. Again my deepest condolences be proud of the man, dad and grandfather he was and he will never leave ur side.... I love you Joey and I know you knew how Much... I'm so sorry.....*
