“ Josh I love you kid. You know at the end of it all who was who and we have had many of talks about it. I am gonna miss you with every ounce of my soul. I know your happy with Alena and mom. This I know for sure. You where so handsome so smart and a good person to be around. We always had a good time with one of our cook outs or beach time. I am heartbroken. I didn't even want to look at this. I didn't even want to read it. My brother was so much more handsome then this. Why not a picture of his handsome face ? I'm not even gonna start trouble but this was not one of the better pictures of my brother. Joshua I love you. Save a spot for me with you, mom and Alena. I love you. 🌸❤️❤️❤️

“ *My comrade Josh, I will greatly miss you pal. We shared many good times together like eating at Osaka with Shy in celebration of the Chinese New Year. I think I knew you better than many. Trying to get ahead by taking some trade classes and helping you develop a resume. You were so very smart and had a great sense of humor with a heart of pure gold. You made me laugh like no one else..when I asked, "where are you going", you would respond "nunya", none of your business. I will cherish the times we spent together, RIP bud.*
