“ Kimberly, my daughter, was the most loving, kind compassionate person.
She put her family first, above all else, even her own needs.
We shared a great mother/daughter relationship, and could always tell each other our concerns, that life through at us, whether good or bad.
Even through the years as her health declined, she stayed strong minded, and always positive.
Her strength over-flowed to all of us who had the pleasure of knowing her.
Her beautiful kind, loving spirit lives on, forever and ever.
I cannot say in words how blessed I was to be her mother.
