I work with Bobby at the phone company for 5 years before leaving and going to the fire department. He was one tough SOB he didn't let anything in the way of disabilities get in the way of him doing his work and I thoroughly respected him for that and we also became very good friends. And I continued to work with his brother John on the fire department until his passing after retirement. Such a great family my deepest sympathies to Sheila and the kids he's one of the very few that won't be forgotten

Shelia and family, How to describe Bobby is impossible. I admired him so much for all that he did for my family. Never was an event held that he didn't attend and transport family members.

No doubt there will be a reception line in heaven to welcome him and Mary and Tim will be elbowing to get to the front.

My deepest sympathy. I speak for all the MCCABES our thoughts and prayers re with you.

God bless.

God speed
