

Mr. Stephen M. Botto Jr.

March 4, 1975 - July 19, 2020

Stephen M. Botto, Jr.

Loving Husband, Father, Son, Brother

Beloved Teacher and Coach

LOWELL----Stephen M. Botto, Jr., 45, passed away on Sunday evening, July 19, 2020 at his home, surrounded by his family, after a courageous battle with cancer. Steve's wife, Melissa (Burns) Botto, with whom he recently celebrated 18 years of marriage with, his son Matthew, and his daughter Abigail, were his biggest fans and were his greatest source of joy. Steve was born in Lowell on March 4, 1975 to Stephen M. Botto, Sr. and Colleen (Langan) Botto. He was the eldest son of their four children. Steve was a natural caregiver and loved his parents and siblings, older sister, Keri (Boucher), younger brother Michael, and younger sister, Kristine (Drust) with all he had. He never ceased to make his family proud with his kindness and his sense of humor could always be counted on. Steve grew up in Lowell and attended St. Louis Elementary School and was a graduate of Lowell High School's Class of 1993. Lowell High School is also where he met Melissa in his Sophomore year. His athletic ability and focus made Steve a standout and he was a three year starter as a second baseman for LHS. After graduation, Steve went onto UMASS Lowell where he played second base for the River Hawks and was Team Captain for two years. Steve's leadership ability and hard work made him a beloved and respected teammate and player. In 1998 Steve began his career at Greater Lowell Technical High School where his lifelong theme of dedication made him a reputable member of the faculty as well as a favorite among the students he taught. Soon after being hired, Steve became the assistant coach of the GLTHS Baseball Team and he held that position for many years. He then transitioned to coaching the Freshman Baseball Team at Lowell High School. He led both of these teams to many victories. However, as parents and players would agree, what mattered most to Steve was not the outcome but that the game was played with each athlete's whole heart and soul. Steve began to coach baseball at Shedd Park once Matthew was old enough to play. Steve became an invaluable member of the

Shedd Park Organization. His dedication to the youth he coached is obvious in the love and respect they had for him and is evident in their love and respect for the game. As with all things Steve did, he gave 100% to the organization and joined the Shedd Park Board and most recently became the Director of Player Development. Steve was so proud to coach his son and teammates on the Shedd Park Travel Team, and they so were looking forward to their August trip to Cooperstown which was unfortunately cancelled.

Throughout Steve's years of teaching and coaching he touched and impacted an immeasurable amount of young lives. His encouraging words, "nice rip", his presence on first base, his humorous approach, his threats of "burpees" or pushups if the dugout wasn't clean are a few of the countless memories each of the players he instructed will never forget when they take the field. Above all else, what made Steve happiest was being with his family. Annual trips to Seabrook Beach were a favorite for him and his family, as were attending concerts, family cookouts, and Christmastime. Steve and Melissa loved taking family trips during February vacation. He looked forward to taking Matthew and Abby to games and parades and relished every minute of watching his children run, play and swim. Steve's presence will be greatly missed by his family, his community, his students, his players and his fellow coaches.

In addition to his wife, children, parents, and sisters, Steve is survived by his brothers-in-law, Kevin Boucher, and Don Drust, mother-in-law Roberta Burns, sister-in-law Jennifer (Burns) Martin and her husband David, brother-in-law, Christopher Burns and his wife Dale; nieces and nephews, Jacob Boucher, David Martin Jr., Emily Martin, Lily Boucher, Joshua Boucher, Michael Botto, Brewer Drust, Christopher Burns, Benjamin Burns, Oakley Drust, and Zachary Burns. Steve leaves behind many aunts, uncles, cousins and friends, including his closest friend and cousin, Tom Langan. Steve was the brother of the late Michael Botto who passed away in 2017. He was the son-in-law of the late William Burns and the grandson of the late Stephen and Mary Botto and the late John Sr. and Dolly Langan.

“ You will be missed! So many memories. Fun time at the beach, stopping at your parents house unexpected! Your Dad telling you to go in the other room, and Kristine would question him which no one else did. You were a lot like your Dad! Watching you discipline your kids. You were stern but in a kind way. They will have great memories! RIP Steven.

“ Mr. Botto was a memorable teacher for me, as a quiet student I did not have many people to talk to in High School, but Mr. Botto was able to help me step out of my comfort zone in gym and complete the adventure courses. His small words of encouragement meant so much to me and I still think back to that class with good memories that would not exist if he had not been there. I am so sorry for this loss. Its heartbreaking to hear when such a wonderful person is taken from this world. My deepest condolences to Mr. Botto's family, friends and students.

“ Steve, you taught me so much. Every year at Mt Pleasant we would talk about teaching, coaching and HS/youth sports. You cared about everyone and knew all the names of everyone's family. You and I were dinosaurs still reading the real newspaper (Herald, Tribune and Sun because we didn't want to miss anything in local sports) and we certainly took our share of getting made fun of from the boys for buying a newspaper. I will miss those great conversations and for me, they were learning moments. You gave all of us "Phys Ed" teachers a good name. You were a role model for all of us.

Rest easy Steve.

“ I had Mr. Botto and I remember one day him just not showing up anymore. We were all confused and worried as to what was going on. When he came back he had told us his cancer came back. I cried and cried, he pulled me aside and said everything was going to be okay. He gave me a hug and it was just like I knew he was going to be okay. Mr. Botto is an amazing person, strong, smart and so caring to everyone around him. Rest in the sweetest of peace, you're truly loved. Condolences to his wife, kids and family.

“ Mr. Botto, where do I begin with you. Sophomore year we couldn't stand each other. You would roll your eyes when you knew it was the period Ashley & I would be coming. (That's if we would ever show up at all.) You were constantly on our asses, writing us up, detention. To say the least we didn't get along. But then senior year, I had you as my teacher again. & This year was my year to fight to walk the stage or get kicked out. & I dk maybe by this time we grew an understanding with each other. Or maybe it was the fact they pulled me away from all my friends. But you helped me, you pushed me, you coached me to become better. I remember even going back after graduating to pay a visit to everyone I missed & you were actually on that list. Rest in peace Mr. Botto, it's been years now but I'll never forget our time shared together. You went from the teacher I despised the most. To one who will always be remembered. Praying for his family.

I'll never forget when you when you went through your first bout with this insidious disease I said you look better now than you did before! You said "I know!" I thought, if anyone could beat it , it would be you....maybe your brother Mike needed you , I don't how these things work, I don't believe the Lord does things for no reason. I'm mad that you are gone too soon as are many others , but I am happy that you are no longer suffering . You were loved by many.*

“ My first year of High School was not gym with you, it was health. You wanted to do so much more with us, take us out of that classroom and bring us to the gym. You thought we'd learn better hands on. You were right about that one. i then had you as a gym teacher and it was different. I thought you were picking on me because I was your former student the year before. I would get so angry because all eyes were on me when you pointed me out. We would be doing some gym course that involved higher obstacles and you knew I wanted to do them, I was just scared. When I was on the rock climbing wall I kept telling everyone I didn't want to go any higher and you raised me up, I was so scared but you told me i'd be alright. You told me I was safe and not to look down. I then reached the next rock. You showed me you were never picking on me, but explained that you knew I was so much more to this world than what I was believing. You showed me more than you probably know. Because of you, Mr. Botto, I will always reach the next rock. Thank you, you will be missed completely 💙 - A former GLTHS student, hailey mk
