

Miss Yarielix Diaz Alba

November 29, 2011 - January 23, 2024

Yarielix Diaz Alba

It is with a heavy heart and profound sadness that we share the news of the passing of our beloved Yary, on Tuesday, January 23, 2024. She passed away peacefully in her home, with all those who loved her around her.

Yary was a 6th Grade student at the B. F. Butler Middle School in Lowell, where she was an Honor Roll Student her last quarter. She loved music, especially Taylor Swift and Karol G. Yary liked to play video games and loved Stitch. She was the strongest girl, who always had a smile that showcased her remarkable dimples. Yary was an inspiration.

Yary aspired to be a pediatric surgeon due to the incredible care she received. As Yary's physician, Dr. Lauren Jimenez-Kurlander so eloquently stated to her mother in a personal and heartfelt message, "Yary was a truly remarkable 12 year old girl, with extraordinary courage, resilience, and grace.

Yary was diagnosed with metastatic soft tissue sarcoma in January of 2022 and completed her initial treatment in August of 2022. She had 9 months without disease before she relapsed and bravely trialed multiple lines of therapy before she and her mother, Jennifer made the courageous decision to stop all cancer-directed therapy in October of 2023.

Yary had a unique charisma that drew everyone in with a radiant smile that lit up the room. She was the kind of patient that everyone was excited to see. Throughout her care, and most markedly after her relapse, Yary was an

embodiment of strength, perhaps the toughest patient her doctor has had the privilege to care for. Her intelligence and thoughtfulness beyond her years manifested with overthinking and worries about some aspects of her treatment; yet, no matter her worries, she and her mother, Jennifer always responded to every unimaginable hurdle with their mantra, "We got this." Yary had an appreciation for worrying for others rather than herself and a maturity beyond her years. Her primary goal was to honor her mother and four siblings in the time she had left. Yary lived longer than we thought possible—living through her 12th Birthday and having a beautiful Stitch themed party that she fondly remembered as the best day of her life. She found ways to take trips with her family, including Disney World, Puerto Rico, NYC, and more locally Boston after her disease progressed.

We will remember her love for Stitch and Taylor Swift, stylish nails and fashion advice, and lesser-known passion for history (on her trip to NYC she even looked most forward to seeing the World Trade Center).

Her mother, Jennifer's selfless dedication to honor her wishes and help her pass at home was deeply inspiring – Yary and her family are a family that reminds us all why we go into pediatric oncology in the first place. Yary impacted and inspired so many; she knew and was proud of that and her loss leaves a profound void in our world. “

Thank you all for the incredible care of Yary.

Thank you, Dr. Lauren Jimenez-Kurlander for this beautiful tribute to our amazing girl.

Yarielix is survived by her mother, Jennifer Alba; her siblings, Jureilis Carmona, Leeah Diaz, Mikaela Diaz, and Adalyriel Diaz; her grandparents Elbi Alba, Sr., Looreilis Tavarez; her step-grandmother, Diane Rogers; her Godmother, Dayan Vazquez; her uncle, Elbi Alba, Jr.; her aunts Stephanie Santiago, Nelly Alba, and Daniela Alba; also many dear friends and people who loved her.

I had the honor of meeting Miss Yarielix last summer during the Multicultural Festival that was held in Lowell. Even though it was hot, she had such a beautiful smile and I did not see her complain once. I had table next to hers and I felt her beautiful spirit and she made such an impact on me. I am so sorry Jenny for your loss, what a huge loss. I pray for you Jenny and your family. Fly high Yarielix and even though I met you once, you made such a difference in my life!

“ *This year I have the pleasure of teaching Yarielix's sister Leeah in fifth grade, and wish to send my deepest condolences to her and her family. I know how much Leeah loves her sister and enjoys the close bonds of their family. Leeah is a bright light in our classroom, and we will do our very best to support her through this profound loss.*

“ I was Yarielix's 2nd grade teacher, and she was an amazing person. She would come to school every day ready to learn with a smile on her face. She was always willing to help others in the class as well. At school, we honored a "Student of the Week" every Friday. Yarielix earned student of the week the very first week of school, and although I chose to reward other students, she deserved it every single week. After she moved, I kept in touch with her via text and loved hearing from her from time to time. It is truly heartbreaking that she was taken from us so soon, and may her memory be a blessing for all those who loved her and cared for her.

“ She is such a special girl. I had the pleasure of teaching her in Mrs. Walker's reading class and Mrs. Pattillo's math class. She was always a ray of sunshine and always looked out for her classmates and enjoyed learning. A natural leader she is missed. Sweet Angel Rest in Peace your beautiful light will always shine on.

“ In 2019 she was my second grade student and her sister was my first grade student. Beautiful souls, brilliant girls. During Covid they would call me on FaceTime just to see how I was doing and check on my kids as well. They still faceted often even as they grew up. A few months ago she texted me and told me she was struggling in math. I told her I'd be happy to help. Her response “no, I don't want to bother you because I know you are taking care of your baby.” Selfless! Yarelix, I know you are resting well in heaven. Your beautiful soul will be missed. i will be praying for your family during this time. This hurt my heart so much! 😞 I love you so much sweet girl. Always have. Always will.
